

TELECOMMUNICATIONS

PhoneSuite offers affordable products and upscale service for mid-size properties. PhoneSuite integrates seamlessly with property management systems and eliminates hours of training with its easy-to-use console. Featuring an energy-efficient ultra-low-power consumption system, PhoneSuite is dependable and cost-effective.

SAFES

Minibar Systems' SmartBox is a stylish and easy-to-use digital code safe available in two models—Laptop and Top Open. Features include a motorized double bolt, large LED display, battery backup, audit software and emergency override functions.

TRAINING VIDEOS

The American Hotel & Lodging Educational Institute now offers online video rentals of some of its popular training titles. Customers can access streaming video content online for 14 days at a fraction of the cost of buying the videos.

GREEN AMENITIES

Concept Amenities' Environmentally Responsible Products (ERP) guest amenities are now available from green distributor Pineapple Hospitality. ERP is a full range of biodegradable guest amenities made with EcoPure, an organic-based, enzyme additive that renders common plastics biodegradable when discarded in landfills. The ERP line of amenities includes soaps, shampoos, conditioners, lotions, shower caps and come in two brands: Ecosentials and Eco.Fresh

VACUUMS

Tennant Company's V-SMU-14 single motor upright vacuum and the V-BP-6 backpack vacuum are affordable and reliable commercial units. The V-SMU-14 offers reduced service costs by eliminating common components that cause vacuums to fail and the V-BP-6 maximizes operator comfort with an ergonomic harness design that distributes weight to the operator's hips, not back.

CURTAINS

Quiet Curtains' STC Sound Blocking Hospitality Curtains provide revolutionary levels of sound reduction with a unique and proprietary system. The curtains are an aesthetically appealing design element and a barrier to unwanted noise. They are flexible and can be used as window treatments, in doorways or as room dividers.

LIGHTING

OSRAM SYLVANIA'S PrevaLED is a new LED directional light modular system designed with the future of lighting in mind. A special feature of the PrevaLED system is its outstanding light quality with a color-rendering index of more than 90 at both 3000K and 4000K color temperatures, without compromising the system efficiency.

TABLETOPS

MTS Seating's Granito Series of tabletops delivers a consistency of color that is unmatched, the company says. Granito tops have been tested to stand up to surface abrasion more effectively than plastic laminate surfaces. The high-gloss finish is easily cleaned and durable.

FOOD SERVICE

Tomlinson Industries' Modular Dispensing System now offers two new Air Pot Stations. They are vacuum formed heavy-duty organizers for coffee and/or tea service. Designed to accommodate air pots of most sizes, the stations are available in two sizes with each featuring a divided organizer to hold lids, creamers, sugars, stir sticks and more.

BEDDING

With bold colors, stylish patterns and rich textures, the Genesis Bedding Collection of draperies and bedding by Fabtex adds style and refinement to any guestroom.

ICE MACHINE

KOLD-DRAFT's new T-270 GB Series Ice Crusher is made to operate in conjunction with the GB Series Classic Cubers, resulting in a half-and-half machine that makes and stores half cubes or full cubes in one side of the bin and crushed ice in the other.
