

Duvet Covers & Inserts

Reimagine the bed into your room’s focal point with our array of functional and decorative beddings. A thicker version of a comforter, it has an envelope-type enclosure so the cover can be easily removed and laundered. Choose from synthetic inserts with varying levels of fill.

Our artisanal craftsmanship creates a tailored fit that not only provides hygiene, comfort, and sleep quality, but a true welcoming hospitality experience. We work with budgets and design requirements of all types including using customers’ own material (COM). Zippered, flat tops, and corner tie enclosure options are also available.

Standard Sizes

- Double: 83” x 95”
- Queen 90” x 95”
- Eastern King 102” x 95”
