

Privacy Curtain

H A R D W A R E

Our curtain tracks can be configured to meet the spatial needs of any facility, from small assisted living spaces to medical complexes. We also carry a variety of track accessories such as roller carriers, glides, drop chains and batons.

Expect quick installation of our highly efficient hand-drawn systems for light to heavy curtains:

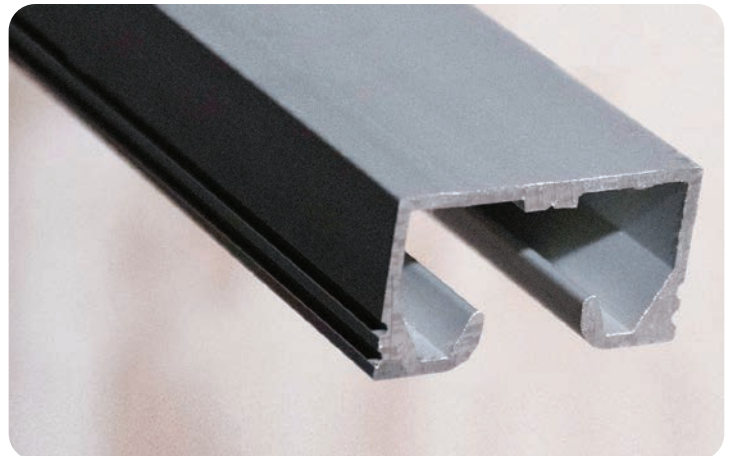

5000 Series Track

Our #1 selling cubicle curtain track. Made from extruded aluminum alloy, this track is available in 7-foot lengths with clear hard anodized finish. Smooth operation for both lightweight and heavyweight treatments guaranteed with specialized carrier wheel design.

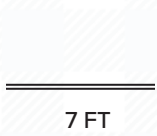

7000 Series Track

This track has faithfully served the healthcare industry for over 40 years. Recognized as an industry standard and Architect's Choice, it is our largest and most robust system and is also made from extruded aluminum alloy with a clear hard anodized finish.

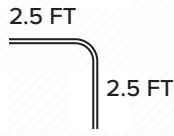

Configurations

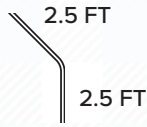

Cubicle tracking systems can be configured in a variety of ways to accommodate site conditions and create a user friendly environment.
