

ROLLER SHADE

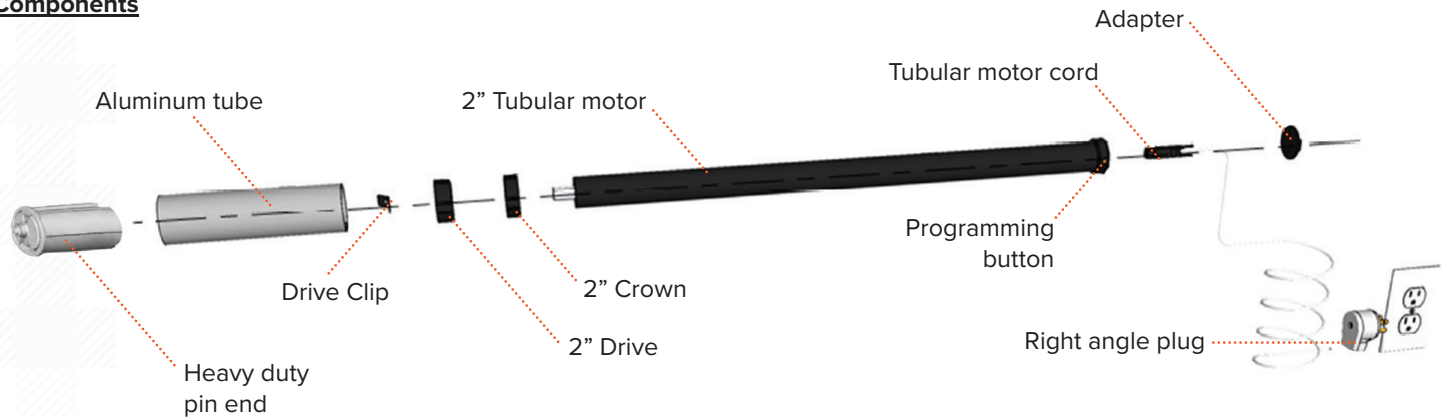

Plug-In Motor

Designed for use in 2" tubes with 110VAC and uses wireless controls, it can be plugged directly into a receptacle or can be hardwired for power (compatible only with wireless controllers, and not compatible with an inline rocker switch).

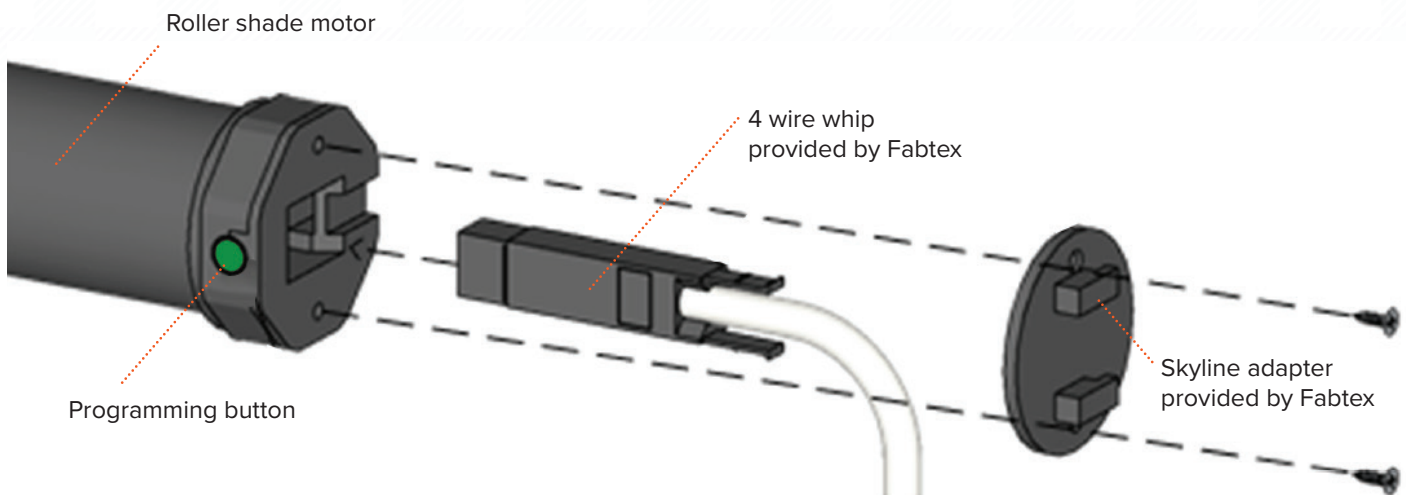

It produces less than 40bDA and powers shades on 2" and 2.5" tubes, each motor comes with a 12ft cord, an adjustable right-angle plug, and a built-in service disconnect for service interchangeability at the motor head.

- Motor power: 6.0Nm
- Motor size: compatible with 2" tube, or 2.5" tube with adapter
- Minimum shade width: 28"
- Maximum shade size: 96" wide x 144" long
